Sr. No.	QUERY	SECP RESPONSE
Backup Solution Upgrade		
1.	5 year old company requirement is required?	Yes
2.	Does SECP need to restore its 8 or greater year old data which was backed up using Symentic Backup Exec?	No. both solutions will run in parallel and we will gradually migrate data from Backup Exec to the new software.
3.	How much volume of data will be backed up?	Please quote 1.0TB volume licenses in case of volume based licensing.
