SECP holds awareness sessions in Jamshoro

ISLAMABAD, April 4: The Securities and Exchange Commission of Pakistan (SECP), in collaboration with The Indus Entrepreneurs (TiE) Islamabad, organized a two-day awareness session on ease of company incorporation for entrepreneurs at the Innovation Hub Pakistan (IHP), Jamshoro, Sindh. The SECP also installed a stall for on the spot swift incorporation of companies.

This activity was conducted under the banner of “Jamapunji” investor education program that is spreading its outreach to far-flung areas. The IHP runs incubation programs, trainings, competitions and SME development programs in far-flung areas of the country.

The SECP officials briefed the participants on the benefits of company incorporation and explained the process of online registration. The SECP team registered six single-member companies (SMCs) within a few hours and dispelled the notion that the company incorporation is a cumbersome process. The newly incorporated SMCs work in e-commerce, digital video production and personal care services.

Such sessions help increase company incorporation and significantly improve the documented economy. The next such session will be held in Layyah, southern Punjab.
